

2024 WMC Nordic Championships Info

Western Maine Conference Championships:

Wednesday will be Race #1: Classic at Stark's. :15 Intervals.

Girls at 2:00pm, Boys @ 3:00.

The course map is below.

Grooming and Waxing: We have good snow that is a mixture of older/transformed and newer crystals. I have been grooming with the Pisten Bully so it is well mixed together.

Grooming should be straight forward with cold temps on Tuesday night: Pisten Bully setting double tracks ending around 11:00pm Tuesday night. Low of 15 going to 37 Wednesday (it looks better than Saturday!).

Saturday: Race # 2: Skate Pursuit at Stark's. Reminder that this will be self-start. The kids will start themselves.

If you have someone that does not race on Wednesday, they can race on Saturday but will start at the back of the field and cannot count toward team scoring. Send me their name before Friday noon.

The Pursuit results will be used for team scores.

The course for Saturday will be different and include the climb to the top of the course. I hope it's not going to be in the high 40's, but there's nothing we can do about that.
